

From the NC Department of Health and Human Services:

Free COVID-19 vaccinations to people with limited mobility who cannot leave their home.

**Caregivers, providers, or individuals may access the program by calling the At-Home Vaccination Hotline at 866-303-0026 at any time or by visiting [www.ptrc.org/covid](http://www.ptrc.org/covid) and filling out the registration form.**

Within three business days, a PTRC Vaccination Specialist will connect with the individual to schedule their at-home vaccination.

There is increasing urgency for people to get vaccinated against COVID-19 as the highly contagious Delta variant is rapidly spreading in North Carolina. Clinical trials among thousands of people have proven that COVID-19 vaccines are safe and effective for anyone age 12 and over. All protect against severe illness, hospitalization, and death from COVID-19, including the Delta variant. More than 160 million Americans have been safely vaccinated.
